## **VEER VASU EXPORTS PVT. LTD.**

Product driven company and Manufacturer

# How have we created an innovative business?

## ***About us....***

For the past 7 years, we've functioned on everything from design to delivery.

Veer Vasu Exports Pvt. Ltd. is a product-driven company that provides design-to-delivery (D2D) solutions in various product categories.

Established in 2015, we aim to provide our customers with a superior level of design service while also offering high-quality products at reasonable prices.

A dedicated 18000 sq. ft. facility in Noida is outfitted with modernized machinery and trained personnel. Our skilled team of professionals, using cutting-edge technology, has a production capacity of 1.5 million garments per year.

By offering high-quality merchandise, we aim to provide value and service to our customers.

A private organized company based in Noida, Uttar Pradesh, India, with in-house design, sampling, CAD, research and development, quality control, production, washing, and finishing capabilities in both the woven and denim wear categories.

# OUR TEAM

**Mr. Jagbir Singh, who has extensive experience in fashion apparel, promotes and manages the company.**

**A well-trained team of professional managers, coordinators, and technicians, as well as a large group of dedicated and skilled workers, work for the company.**

A successful business is built by its employees, which is why we take the initiative to find the right people with similar mindsets, a passion for the business, and a desire to collaborate.

Impressive results are produced by a team of creative product designers, aggressive sourcing expertise, proactive merchandisers, and highly technical production technicians, as well as channelized quality control.

We make every effort to place the right people with the right skills on the right projects.

## DENIM SPECIALIST

We are experts and specialists in all types of denim wear, as we all know, a great parallel in the rapid and constant mutations that the fashion and textile industries are forced to follow.

# Our Mission & Vision

To provide the highest quality in the shortest amount of time. We deliver on our promises and believe in long-term business relationships and partnerships.

We use cost-effective manufacturing methods and introduce supply chain technology to increase transparency for our overseas buyers and suppliers.

# Design Studio

## TREND FORECAST

*We collaborate with reputable fabric mills and attend global fashion fairs, which helps us forecast upcoming trends and fashion.*

*It aids in the creation of the best collection for our collections.*

## DESIGN / ILLUSTRATIONS

*We have a design team that works on ongoing research and development to introduce new product lines.*

*Our product designs and research are being translated into sketch form (CAD and manual). It is more convenient for sampling.*

## FABRICS

*When we receive the forecast research, our design team begins sourcing fabrics from our partner mills or suppliers. We create our own fabrics.*

## SAMPLING

*A dedicated sampling team that produces 90-100 styles per month.*
